

Squid Ring

Squid is well loved in most parts of the world, in its many different forms – fried, grilled, slow cooked, stuffed and roasted. In fact, the deep fried version, commonly called fried calamari, has become a staple in restaurants across countries and continents.

Our pre-cut Squid Rings, sized at 2.5cm width each, help to cut down preparation time in the kitchen, making it fuss free for chefs. The Squid Rings are derived from the size of U10-20 and are block frozen to maintain their freshness. The 2.5cm width size is perfect for those who like more meat in their squid.

Packing size : 2.5cm in width
